

“UNLEASH YOUR AMBITION”

**COMPANY  
PROFILE**

# BACKGROUND

The vending industry and its stakeholders face numerous challenges, one of the most significant being the continuous enhancement of professional service and delivery.

With 22 years of collective experience in the industry since 1998, including work for one of South Africa's largest vending companies, Topvending Pty Ltd, and accreditation from VASA (Vending Association of South Africa), DaMoyoz Technologies was founded.

DaMoyoz Technologies is managed with a professional approach to negotiate terms between business owners, contractors, and themselves. We provide ongoing training in operational fields, administration of invoicing, payment processes for creditors and employees, preparing returns, and managing VAT, income statements, balance sheets, and audits. Since our establishment, we have gained further experience and successfully implemented these services across several contracts with a team of five staff members and two vehicles.

# OBJECTIVES

The main objective is to provide technical support that is:

- ✓ Cost effective
- ✓ Convenient
- ✓ Reliable
- ✓ Our intention is to provide world class service by ensuring that we meet the customers needs. Adding value to your business while remaining cost effective and convenient.
- ✓ Staff employment is based on competency, loyalty, reliability and inter personal skills. Our technicians are required to have basic Electronics and Electrical skills which enables them to react to any situation in a safe and efficient manner
- ✓ Currently we offer the lowest call out fee and rates per kilometer traveled in Johannesburg.
